At 1.50 W. Osler  
in W. Franklin St.  
THE *Baltimore*  
SELF REGISTERING  
POCKET NOTE BOOK.

(Patented.)

FOUND AT ONCE.

The principle applied to this book entirely does away with the necessity of any searching for the last entry, as it

**AUTOMATICALLY OPENS AT  
THE PLACE REQUIRED.**

When the Pencil is withdrawn from the clip or holder the leaves freely pass from beginning to end, and on the pencil being inserted it is securely retained in a convenient position, clearly indicating the leaf to be next used.

7 with

There is but one daylight -  
ment in clarity - by faith  
He that beareth, with his  
that reasoneth

The apothecaries of matter  
& force - Reason crown  
King & science his Prime  
minister

The yarning cry of the  
human heart fed  
on the <sup>dry</sup> husks of facts -  
we have the reaction - we  
are in it -

- we have no enduring  
covenant with our death

motto. "There is hope of a tree  
if it be cut down that it will spring  
again - but - man grows up  
the <sup>no</sup> <sup>fact</sup> <sup>author</sup> where is he

I Science as <sup>no</sup> <sup>fact</sup> <sup>author</sup> <sup>where</sup> <sup>is</sup> <sup>he</sup>  
observation and draws  
conclusions from the facts

1 The carelessness of  
in our death - The  
abs of any cow with an  
death

2 The hopelessness of  
of ideas - a future state  
is much clearer cut

3 The abs of any hope  
of our will be found  
of our <sup>inner</sup> <sup>world</sup>

4 In the <sup>inner</sup> <sup>world</sup>  
death

II How far in Science Philosophy

(a) The history of the General

(b) always scientific

(c) our present position in the 19th cent - recent  
in thought

III The current literature in philosophy, Science & Phil

(a) The recent attitude of Science

(b) The recent attitude of Science

(c) The current literature of the present

Respectfully offered may be  
said to have been the lot  
an portion of the men of your generation

"If they have done this  
without hope of heaven what  
should we do ~~that~~ work for  
immortality?"

"Before the soul,  
which now is mine must fall  
freely from my control  
and wander round the world  
again"

M.A.

The eternal note of sadness  
The lurid light of love of  
human misery

The struggles of reflection  
& speculative minds

The two ideals - the  
Greek ascetic and  
the Hermit of the East

10 p 123 7th series

Paris (club)

Wells / B.M. West  
see Dean Drake or  
old H.

Every man an universal help  
others towards a realization of  
justice & world peace that would  
be best of present

This is no land for Arcadia  
Life is free, happiness is  
widely diffused in a com-  
munity in which the masses  
are well fed and educated  
but by depparon neg-  
lected other than this  
nothing even making

With all our progress in the  
material side it is doubtful  
if we see deeper into the  
essence of things than did  
the old Greek philosophers  
we appreciate better the  
force of phenomena &  
have tracked the process  
of life to finer & clearer  
issues but for breadth of  
view & depth of insight

who can read the riddle  
destiny through the glass  
of mortality

"Irresponsibility which is  
always the great vice  
of democracy" in Peter  
Latham. *ibid* p. 94

To say anything on  
such a subject seems  
presumptuous - a subject  
on which everything possible  
has been said before,  
and so well said

not only by the master  
minds of men but by  
many far wiser than

I who have felt  
this point but having  
declined the honor of  
and heavy burden  
my President elect I  
think of my profession who  
are so much involved  
with this

Wright says, it  
seemed ungracious  
when a second re-  
vulsion came to  
decide

Eyes both not seen nor  
ear heard nor heart  
the heart of man con-  
ceived.

The view of this world  
is dreamily opposed  
to the teaching of the  
Gospels.

Few can reproach themselves  
as did Donne with an  
over-earnest desire of the  
next life. These few have  
the same cause a measure  
of this weary, with the burden  
of earthly troubles & sorrows.

One of my colleagues is a  
St. Thomas and one  
what do you think about  
Dunstable? - I will  
say a word of pleasure.

things I wrote see that  
Barnes but these will be  
nothing certain

Abner, all reasons  
 about the value of <sup>the</sup> work  
 on the Threshold. Ray  
 period. No last work  
 in scene. In 1873

I had a letter from  
Anthony man

Too many of us know  
the life & death difference  
& still in the life &  
death difference & still  
in the life & death difference  
(borrowing)

The problem of man's  
destiny & of his relation  
to the unseen ~~has~~ is of  
personal interest and

But I have seen the voices from  
of the dead could not yet  
vanish & those whose eyes  
are closed & in a normal  
condition

Broken limits, but  
still limits with the  
old life when faith  
was overshadowed with  
doubt, not as now when  
doubt is overshadowed by faith  
To the dead - & that  
great majority on  
whose <sup>side</sup> so many of  
us have come to be  
The old idols still  
haunt humanity - though  
a change has come

once I have felt a  
keen interest in the  
outwelling very cold  
of pure religion and  
are any less repellent  
which had brought the worst  
of everything day & dwell  
within a darksome house  
of mental day (matter)

— Even upon us but  
the death the brand  
of Cain is seen — we  
were

a synthesis of faith  
+ science

Thankful we are app  
of science. Rev. Amos  
It is

The spirit of the day the  
well-gift is badly  
undermined

We cannot afford to be pessimistic  
in the present state of the world  
the hope of humanity

have been treated by a severe  
& what severe has done for  
more. There have been  
disappointments & the true  
of a secret is definite & clear  
denouncing in full every  
may sometimes bring with  
it a disillusionment, life is  
challenged, there are disappoint-  
ments, but which have been  
cruel & stinging but

Sophocles in the Rise of  
man in the Antigone

V. 332 ff

"we have lost that free-  
quell sensibility & human  
suffering; that European  
'pathos'

In a hurry - seeing this  
life such as we have at  
present which have left  
a man for the things  
that are unseen, even  
for much that matters for  
the joy & beauty of living.

The description of the  
mind is critical, I think which  
there is no more danger.

possibly in the eye of the  
witnesses -  
where are the Passes  
in the same place?  
Harvey, Hessel, Hoveler  
- other scholars the  
submarine gets strong evidence  
to the stronger fault.  
The great fault of the  
power the scientific community  
want or who have had a  
longest of the "banning"  
discovery the supernatural  
the state of society in which  
they have no belief in a  
future life has not  
been shown.

- This is a small survey  
with its specialized fault  
that leaves the world about  
as they

Science has failed utterly  
to lift the veil of the universe  
Science cannot achieve  
any work in heaven  
this is a thing which we  
feel there is some power  
want

not even glances  
to make us less forlorn  
whether ~~and~~ in and out  
has not paid too  
much attention to the  
the things of the spirit  
I may be asked, whether  
cure of the body - of  
the individual man -  
not because he is a  
temple of an eternal spirit  
but simply because he  
is a man & a brother  
whether this attitude  
of mind may not in the  
future <sup>bring</sup> for the  
race those things  
yet attempted. That  
was a striking example  
of Confucius to his  
disciples -

much as the religion  
of Christ has done to  
enhance the value of the  
body & to proclaim the  
equality of man it has  
in nothing so utterly failed  
as in bringing peace & good  
will. The garment of

men that cometh from  
Boysant are dyed in  
blood of our fellow men  
and in saying I don't  
have been so <sup>convinced</sup>  
I come not to bring Peace  
but a sword.

see Praise of folly  
Aristotle defines I come to  
Lack a faculty of <sup>reason</sup>  
demonstration

For some men believe that  
own opinion is less good  
than other by their  
knowledge. Aristotle  
what Democritus said of  
the Mules that they were  
not fools but they did yield  
the head of the  
fools do" (Aristotle)

The N rays - see how  
selfish

a man may glide in  
troubled waters without  
fishing in them (Aristotle)
